

INTELLIGENT OFFICE FURNITURE

Available From:

The IOF Collection

FINALLY! A company making office furniture to suit YOUR business' needs. Why buy furniture to suit YOUR office, that isn't made exactly for YOUR office.

Until now, consumers were either forced to pay a prohibitive premium for office furniture designed to fit their specific needs or alternatively, had to settle for a limited number of options from offshore discount product.

We understand that all office spaces are unique; we offer you a personalized solution at an extremely affordable price. Every piece of furniture is made to order for you. We will make your furniture exactly to the size, design and color specification you want.

If you're ready for a new office furniture solution, the IOF collection will not let you down!

QUALITY

Our products are commercial grade, manufactured using only the highest quality materials and workmanship. All of our products are made from 1" thick high performance abrasion and stain resistant thermofused laminate. We use a durable scuff resistant PVC edge on all surfaces and radius the edge for user comfort. Heavy duty full suspension ball bearing slides are installed on all box, file and lateral file drawers. Our product is built and fully assembled in our factory in North America.

Rest assured, your furniture is built to last. We believe so strongly in the materials and workmanship that go into each and every piece of furniture, that we back all of our products with a limited lifetime warranty.

ULTIMATE FLEXIBILITY

We offer ultimate flexibility as we produce over 1200 standard components from desks with ample storage to unique filing solutions. Can't find a standard component to fit your space? Not to worry, we will produce any of our standard components to any specified dimension. If a 63" desk will fit into your space better than a 66" one, don't settle, we will produce the size you want with no up charge and no extra delivery time!

One of our 1200 standard components won't meet your requirements? Show us your desired custom unit, we will design it and produce it all within our standard delivery lead time.

We take pride in offering you countless combinations that will help you create a truly functional furniture solution. This highly personalized approach does not come at a premium. The IOF collection delivers truly customized office solutions.

FINISHES

Our furniture is available in 20 laminate colors with 15 edge finish options. Two tone finish combinations are available at no up charge. Contrasting edges can also be specified at no up charge. We also offer 2 handle styles in 2 different finishes. See page 14 for a listing of finishes.

With numerous finish combinations to chose from, you can create a unique office environment that truly reflects your personal style.

L Shapes

Leave the ordinary behind! The versatility of our L-Shaped workstations is nothing short of extraordinary. L-shape units are available with several main desk options and a number of return configurations. Return configurations are available in left or right hand configurations and are designed to accommodate computers, printers, cpu storage and personal filing and storage. Of course, units can be made in any dimension to suit your size requirements.

Wave Units

When functional furniture needs to look its best, the "Wave Curve" design leaves nothing to be desired. Wave units are available with several main desk options and a number of return configurations. Returns can be specified on the left or right hand side and can be made to accommodate any filing and storage requirement. The sleek concave "cockpit" shape allows for maximum ergonomic benefit when using a desktop computer, while maintaining an aesthetic that makes it nice to look at, as it is to work at.

Reception

Choose from dozens of standard options and configurations to fit any corporate environment. Both the "U-shaped" and "L-shaped" styles have the aesthetic value and functional capabilities to make a great first impression. Units can be specified with enclosed fronts and sides or for a more open look with just a high front panel for privacy. A variety of main desk and return options are available in just about any size.

PC Stations

We recognize that every office and home has a personal computer that requires a furniture solution. Our PC stations can be made to any dimension and we feature several designs to accommodate your personal computer and work routine. CPU storage, keyboard tray or various filing options are available on all models. Add a door on the CPU compartment or raise the side and front panels for added privacy. Radius corners can be specified for a softer look and feel.

Storage

Endless storage options are available and perfect for managing any storage application. Multiple bookcase, filing and storage units can be ordered individually or combined to meet your individual storage needs. And, as always with the IOF product line, your furniture can be made to your specified dimensions. Whether safeguarding crucial corporate documents or making sure the kids don't get into your files, IOF storage makes it easy.
