EDUCATIONAL

LOCKER-08

Lockers continue to be one of the staples to middle and high school educational facilities. Lockers make it easy for students to transport textbooks or safely and securely store their personal items during class periods.

At IOF we understand that every facility has its own unique needs. Our vast line of accessories and finishes allow you to personalize the interior and exterior to create a unit specifically designed for your needs.

OFFICE

As communal workspaces and smaller office footprints become the norm in today's workplace the demand for personal storage is becoming increasingly popular. Lockers are an ideal way to provide your employees with a place to safely and securely store their belongings while minimizing the need for individual wardrobes or storage.

With IOF's full line of accessories and unique two-tone design ability you can design stylish lockers that truly reflect your companies style, culture and brand identity
