

POWER MODULES

INTELLIGENT OFFICE FURNITURE

POWERING... a connected world

Power up every workspace with Intelligent Office Furniture's sleek, modern power & technology modules. Available in both in-surface and on-surface styles, our units integrate seamlessly into conference tables, training rooms, storage zones, and private offices - no clutter, no compromise. Choose a simple 3-pronged power connection or deploy our plug-and-play daisy-chain option to distribute power across multiple workstations or tables. Wherever people gather to work, learn, or collaborate, IOF deliver the electricity and the elegance that keep ideas flowing.

In-surface, on surface and under mount modules available

All modules are tested and certified UL

3 prong plug or daisy chain

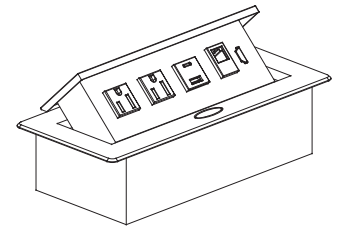

Quickly plug, and unplug devices you frequently take on the go

Work surface cut out included in modules pricing
